Subject: RE: Comm. v [REDACTED]

Hi Sonja,

I don't remember the case off hand, but [REDACTED] is a North Adams case. ADA Mike Sim is going to take a look at the file and let us know why Pittsfield PD is involved and if there is another analysis. Sorry for the confusion.

Joe

Subject: Comm. v [REDACTED]

Hi Joe-

I received a summons for the [REDACTED] case scheduled for 1/14/13 in North Adams District Court last Friday and wanted to confirm that it is in North Adams and not Pittsfield. I ask as I noticed that the samples were submitted by the Pittsfield PD and not from somewhere more north. Also, the defendant is charged with possession of a class 'E' drug (as well as receiving stolen property), but none of the submitted items are a class 'E' drug (amphetamine, methylphenidate and buprenorphine are class 'B' drugs, and clonazepam is a class 'C' drug). Thanks.

-Sonja
